

## CalTrans Temporary Restrictions Update for Annual Permit Holders

### WARNING

The list of short-term restrictions on state routes is updated daily as conditions change. It is the responsibility of the permit holder and the operator of the extra-legal vehicle/load to check to see if any additional restrictions have been added to your authorized route before each trip is begun.

You may get the most current status of any such restrictions on your authorized route by accessing the Route Clearing database on-line at <http://www.dot.ca.gov/hq/traffops/permits/>. You can also verify vertical restrictions by using a vertical clearance measuring device authorized by California Vehicle Code Section 35252.

**All annual and repetitive permit holders are required to receive this information  
and to keep a copy with their permit during all moves.**

If you believe you are receiving this message in error, please contact the List Managers at (916) 327-6679.

For questions regarding North Region Restrictions, please contact Bruce Bergh at (916) 322-4957.

For questions regarding South Region Restrictions, please contact Howard Wells at (909) 388-7077.

### SPECIAL NOTICE

Effective February 1, 2003, the following Special Travel Restrictions apply to:

Route 1, from the 1/128 junction to the 1/101 junction and

Route 20, from the 20/101 junction to the 20/1 junction

**Routes 20 and 1 at the locations indicated above are still considered RED ROUTES**

For:

- **MOBILE HOMES** exceeding 12'-00" in width and/or 40'-00" in length (including the tongue), not including the tractor length
- **For all other loads** exceeding 14'-00" wide and/or 120'-00" long

The following travel conditions apply:

- No thru moves on Route 1.
- CHP Escort required. Hauler must contact CHP ten (10) days prior to move.
- Permit Writers must indicate on the face of the permit the locations where CHP escort is necessary
- In Lieu of CHP escort, Hauler may provide traffic control with the use of an Encroachment Permit. Encroachment Permits are available through Royal McCarthy, District 1 permit engineer, at (707) 445-6385.

For all loads with smaller dimensions than indicated above treat as a dashed brown route for pilot car requirements
